Jeudi 24 septembre

10:00 Association Between Obesity and NT-proBNP Levels in Very Old Adults Hospitalized for Heart Failure: A Cardiogeriatric Cohort Study

Orateur : Rémi Esser (Versailles, FR)
Foyer Concorde – Niv. -1

10:05 Determinants of SGLT2 Inhibitor Non-Prescription at Discharge After Heart Failure Hospitalisation in Very Old Adults: A Real-World Cardiogeriatric Study

Orateur : Rémi Esser (Versailles, FR)
Foyer Concorde – Niv. -1

13:05 Operational performance of clinical alert handling in a nationwide heart-failure remote monitoring program: 66,850 alerts over 30 months

Orateur : Patrick Jourdain (Paris, FR)
Foyer Concorde – Niv. -1

13:10 Obesity paradox confirmed in telemonitored heart failure: a national observational study

Orateur : Rémi Esser (Versailles, FR)
Foyer Concorde – Niv. -1

13:20 Long-term retention in a nationwide heart-failure remote monitoring program: 35-month Kaplan-Meier median of 21,954 patients

Orateur : Nicolas Girerd (Nancy, FR)
Foyer Concorde – Niv. -1

13:25 The clinical “V” of heart-failure decompensation: real-world evidence from 66,850 remote-monitoring alerts

Orateur : Patrick Jourdain (Paris, FR)
Foyer Concorde – Niv. -1

13:30 Real-world adherence to a digital remote monitoring device for chronic heart failure: a nationwide cohort of 19,702 eligible patients

Orateur : Patrick Jourdain (Paris, FR)
Foyer Concorde – Niv. -1

13:40 Beyond geography: one remote monitoring program, two Frances in heart failure care

Orateur : Astrid Monfort (Fort-de-France, FR)
Foyer Concorde – Niv. -1

13:45 Heart failure telemonitoring in very elderly patients: a cardio geriatric centre experience compared with a national cohort

Orateur : Abdelhakim Hacil (Paris, FR)
Foyer Concorde – Niv. -1

13:50 Association of telemonitoring with Satelia® Cardio with all-cause mortality across access-to-care indicators

Orateur : Patrick Jourdain (Paris, FR)
Foyer Concorde – Niv. -1

13:55 Association of telemonitoring with Satelia® Cardio with all-cause mortality in heart failure patients across types of care centre

Orateur : Nicolas Girerd (Nancy, FR)
Foyer Concorde – Niv. -1

14:05 Adult vaccination in heart failure: a national multicentre cross sectional study within a telemonitoring programme

Orateur : Rémi Esser (Versailles, FR)
Foyer Concorde – Niv. -1

14:10 Geographical disparities in vaccination uptake among 1,100 telemonitored heart failure patients across metropolitan and overseas France

Orateur : Nicolas Girerd (Nancy, FR)
Foyer Concorde – Niv. -1

Vendredi 25 septembre

10:55 Guideline-directed heart failure pharmacotherapy in adults aged ≥75 years: evidence gaps, tolerability and implications for clinical practice

Orateur : Rémi Esser (Versailles, FR)
Foyer Concorde – Niv. -1

13:20 Atrial fibrillation and telemonitored heart failure: excess mortality despite optimised management: a national observational cohort

Orateur : Olivier Maurou (Versailles, FR)
Foyer Concorde – Niv. -1
